

## Residents of Minnesott Beach

Please carefully review your notices for renewal of your vehicle tags. The State created a new system wherein taxes are paid at the time your tags are renewed. Money collected is then sent to the County for dissemination to the appropriate community. A Minnesott Beach resident noticed that his form had the taxes being earmarked for Mesic **not** Minnesott Beach. Fortunately he was able to get it corrected, but how many of us would even have noticed this error. This may impact on the amount of tax money the town receives when the funds are distributed. These are your tax dollars to help maintain the town. Thanks to Charles Lane for bringing this to our attention.
